April 28, 2021

The Honorable Rosa DeLauro
Chair
House Appropriations Committee
U.S. House of Representatives
Washington, DC 20515

The Honorable Kay Granger
Ranking Member
House Appropriations Committee
U.S. House of Representatives
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Madison Anaerobic Digester project in Fiscal Year 2022.

The entity to receive funding for this project is the Town of Madison, located at 26 Weston Avenue, Madison, ME 04950. Funding will be used to assist the Town of Madison in a project to construct and operate an anaerobic digester that turns organic feed stock into renewable biogas (e.g. natural gas). The biodigester will be located at 'The Forest Products Hub,' in the former UPM paper mill in Somerset County, Maine. The anaerobic digester will be operated by the Anson-Madison Sanitary District, will be located in an Opportunity Zone, and will lead to important economic development in a community that is reeling from the closure of its largest employer in 2016.

I certify that neither I nor my immediate family has any financial interest in this project.

Respectfully,

A handwritten signature in blue ink that reads "Jared Golden".

Jared Golden
Member of Congress
